

# Engageli Technical Requirements

To ensure a seamless experience on Engageli, users must meet the following technical requirements.

## Operating System:

- **macOS:** Version 13+ or the latest 2 major releases
- **Windows:** Version 10+ (64-bit version) or the latest 2 major releases
- **IOS 13+:** - iOS app available, optimized for iPhone but compatibility with iPad is currently being created. Accessing via Web Browser on iPad is recommended.
- **Note:** Engageli does not currently support Firefox or Safari on Mac, and Firefox on Windows. An Android app is currently in development.

## Supported Browsers:

- Google Chrome
- Microsoft Edge

## Computer Specifications:

- **Processor:** 2 GHz dual-core or higher
- **Memory:** 8 GB (16 GB or larger recommended for a better experience)
- **Storage:** 1 GB of available space

## Network Specifications:

- Minimum bandwidth of 2.5 Mbps up/down or 1.5 Mbps up/down using low bandwidth mode.

## Hardware Requirements:

- Microphone
- Speakers
- Webcam
